Chapter 1/1

His lips sparkled.

"Microcrystalline glitter in a lip gloss base," Tré explained matter-of-factly at the unspoken question. But his eyes gleamed even brighter than his reddened mouth, dancing wickedly as he dropped to his knees, hands making quick work of the black leather hiding his goal. Billie had no time to object before his cock shone, refracting light as Tré worked the glitter and gloss into his velvet skin.

"Fuck," he breathed, entranced by the tiny sparkles and those soft lips coating his flesh with them. 'Fairy lights,' he added mentally with a giggle.

It seemed appropriate, all things considered.
